ABOUT US

Welcome to “My Housestay”. It used to be a local Thai fisherman’s house. We bought it and fixed it up, intending it to be a vacation home for our family. Sort of like our own little getaway. But soon our friends were asking to stay over and everybody was telling us how much they loved our place. So, we’ve decided to share our house and hopefully share the enjoyment with everyone who’s interested in staying over.

Really, if you want something a bit more local Thai, something more unique than the usual touristy spots, we welcome you to come and visit our little “My Housestay”

OUR PLACE

At our place “My Housestay” in the province of Salatpet it’s a big house and suitable for family vacations, road trip with friends, and those who want to experience a home stay (living in a local fisherman’s house), but in a more comfortable environment. Such as we provide beds, clean sheets, air-conditioned rooms, and western style toilets.

You’ll find peace and quiet here. If you’re looking for parties or bars, this is not the place. It’s more for a natural getaway to enjoy nature, waterfalls, the open sea, fresh air, trekking, kayaking and other activities. It’s also quite romantic with the beautiful sunsets, and especially on clear nights you can see the sky light up with stars that you won’t be able to see in Bangkok. And we also have a television set and karaoke machine for some of you who might like to sing.

We are a Thai family and we can show you around if you let us know ahead of time, or if you want to explore on your own we can just give you some tips and point you in the right direction. Nearby there are hiking trails that lead to a beautiful waterfall, a shop where you can rent kayaks and paddle around the sea, and also snorkeling and diving activities.
